Public Rights Of Way User Evidence Form

Important Note

This form is designed to help establish whether or not the route being claimed in the application (the "application route") is a public right of way. It also provides evidence of how it is used (for example on foot, on horseback, by vehicles etc).

The object of this process is to reach the truth of the matter, whatever it may be (i.e. to determine what, if any, public rights of way already exist over the route in question). You should answer the questions as fully as possible and not keep back any information, whether for or against the application. This is important if this information is to be of real value in establishing the status of the application route. Please see the notes on the reverse of this page before completing this form.

Confidentiality – Please Read Carefully

The information you give in this statement cannot be treated as confidential.

- It may be necessary for the County Council to disclose information received from you to others, which may include other local authorities, the Planning Inspectorate and other government departments, public bodies, other organisations, landowners and members of the public. If the application proceeds to a public inquiry your evidence will be made available to the inquiry.
- If the County Council proceeds with the application but it is contested (for example by a landowner), there may be a public inquiry. This will be held locally and if you are unable to attend your evidence will be given in writing, but user evidence is of much greater value if you attend in person and are prepared to answer questions about it.
- The information you give in this statement will be processed in accordance with the Data Protection Act 1998. It is held by the County Council's Rights of Way Service for the sole purpose of processing the application for the route referred to.

The information on this page of the Statement will be redacted and not made publically available

**Guidance On Completing A
Public Rights of Way User Evidence Form**

1. Completed forms are intended to provide preliminary evidence about the application. When we commence detailed research, an officer from the County Council may contact you to seek further information or ask you to be interviewed about your evidence. It would be very helpful if you were able to agree to be interviewed by an officer of Somerset County Council and/or appear at a public inquiry (see questions 21 and 22 below). Although it may be some years before these interviews or a potential inquiry take place, they are crucial aspects of the decision making process. Inquiries are kept as informal as possible and, if you do agree to give evidence, the County Council will be able to guide you through the process.

2. The form should be completed by one person only and should relate to only one route. If you need more space please continue on a separate sheet which will need to be attached to this statement. Once you are satisfied that you have included all the information that may be relevant, please return this form to the person making the application so that it can be submitted with, or form part of, an application seeking a change to the Definitive Map and Statement of Public Rights of Way.

3. Please answer all questions as fully as possible ensuring that dates can be easily understood by others. For example, in response to the question '*during which years did you use the way?*', answers such as "*many*", "*various*" or "*when I had my first horse*" are not as helpful as specifying the precise years.

4. If completing the statement by hand, please ensure it is written legibly and in black ink.

5. This document is also available in Braille, large print, on tape and on disc and we can translate it into different languages. We can provide a member of staff to discuss the details.

If you require assistance in completing this form please phone a member of the Rights of Way Definitive Map Team on (01823) 359796 or email to rightsofway@somerset.gov.uk
